HOMELAND SECURITY
AND GOVERNMENTAL AFFAIRS

The Honorable Jo-Ellen Darcy
Assistant Secretary of the Army
Department of the Army, Civil Works
108 Army Pentagon
Washington, D.C. 20310

Dear Secretary Darcy:

I am contacting you about bluff erosion along Lake Michigan threatening public infrastructure and homes in Mount Pleasant, Wisconsin. Local elected officials and homeowners have contacted me with this urgent concern. I ask that the U.S. Army Corps of Engineers take immediate action and work with officials in Mount Pleasant and Racine County, as well as the Wisconsin Department of Natural Resources, to address the situation before land erodes any further.

I am pleased to know the Detroit and St. Paul District Offices have been in contact with officials in Racine County. Because regulatory and project authorizations are handled separately by each of these district offices, I ask that action be effectively coordinated by the Corps to best serve my constituents and protect public utilities.

Thank you for your attention to this important matter.

Thank you,

Tammy Baldwin
United States Senator

CC: Lt. Col. Michael Sellers, District Commander, Detroit District Office
Col. Dan Koprowski, District Commander, St. Paul District Office
