

Resolution Honoring the 25th Anniversary of the National Guard Youth Challenge Program (S.Res.424)

Introduced by Senator Tammy Baldwin and Senator David Purdue

Purpose: To commemorate the National Guard Youth Challenge Program’s (NGYCP) 25 years of successful, free, and alternative education and structured discipline for at-risk youth between the ages of 16 and 18. The thirty-nine current programs spanning twenty eight states, Puerto Rico, and the District of Columbia have been responsible for the graduation of more than 165,000 cadets and the awarding of over 116,000 academic credentials. NGYCP offers an opportunity to succeed outside of traditional high school environments for over 11,000 cadets annually.

Background: The NGYCP was born from the visionary concepts of utilizing a “whole person” intervention model to assist a generation of youth effected by gangs, violence, high dropout rates, and drug abuse. The program, which is funded through a Department of Defense-state cost-share, offers a unique opportunity for at-risk youth to change their course at a critical time in their lives. The multi-phased NGYCP utilizes quasi-military discipline and training coupled with character development, resilience, educational instruction, learning and mentorship. A five and a half month residential program focuses on the eight core components of life coping skills, leadership/followership, service to community, job skills, academic excellence, responsible citizenship, health/hygiene and physical education. A follow-on, post-residential twelve month mentoring phase builds upon those core components to help shape graduates into productive citizens ready for societal success.

Locations with a NGYCP academy:
